

ST. VINCENT DE PAUL

CATHOLIC PARISH & SCHOOL

August 18, 2017

Dear Parents and Guardians of SVdP School,

We are ready for you – are you ready to come back to us?? I hope you have all enjoyed these summer weeks. It is about this time that students are ready to return to school and get back into a routine, structure, and the work of learning . . . whether they know it or not. I am looking forward to seeing how they have all grown and hear about their summer vacations.

The beginning of a new school year, like anything new, is an opportunity we do not want to bypass us. The beginning of the school year is a good time to have a special conversation with each of your children. Perhaps you will take them out for a special picnic or activity that allows you to discuss the year ahead, the goals they may have for themselves, and those that you may want them to work toward. Our goal for each child, parents and teachers alike, is for the whole child to grow into greater maturity over the next school year. How will they do this for their intellectual life, their physical life, their spiritual life and their social life? Growing in maturity is a careful balance of all aspects of what it means to be human. When we spend too much effort developing a single aspect of a child's life, it is often to the detriment of many others that need to mature. Together, with your child, you might discuss activities to pursue, habits of study to put in place, commit to regular family time, and plan to grow in the Christian life through prayer, study, and service to others. I look forward to walking with your family through this year, and I pray that all the blessings that God has prepared to send (the ones that are easy to receive and the more difficult blessings in disguise) will help us to grow in all areas of our lives.

With prayers for your families,
Sister Dominic, O.P.

For Your Information:

- **Class Lists:** Behold! Class lists are attached with this letter. Typically, these lists are visible to you via Fast Direct during the week prior to the beginning of school. Because we moved from *Fast Direct* to *Option C* student information system and communication portal, you do not yet have a login to view class lists. I expect that next year you will have this access again around the middle of the week prior to the start of school. This year, your login will be distributed to you by your youngest child's homeroom teacher at Back to School Nights.
- **CGS registration:** (registration attached) The Catechesis of the Good Shepherd Level I training is available this year. You could register to complete Level I Part I by attending the first two training weekends, or Level I Part I and Part II by attending all four training weekends spread throughout the year. If you have questions about what CGS is or how it may benefit you, your

family, or your parish, please contact the school. It is an amazing program that has deep and wide benefits. Only 30 slots are available and about 10 are already filled.

Updates from July Letter:

- Website: Our website is coming along, but has not quite arrived. It will not launch prior to the first day of school. Our next hoped-for launch date is the feast of St. Vincent de Paul: September 27th. The website will be user friendly and have a mobile device adaptation.

- Outdoor Learning Lab: Our garden beds are built, the arbor is designed, the coop is being assembled (needs to be painted) and the shed is in the works. Our teachers had professional development with SlowFoodsDenver and the National School Garden Program during this week of in-service. They are great partners for us, who have accomplished seed to table programs in DPS as well as in private schools. We are using this year to develop curriculum that enriches our school mission and our children's experience of the world in which they live.
 - o Painting Help Needed: We will need to prime and paint the henhouse and standing posts of the chicken run. Apart from drying time in between coats of paint, this job should be quick. The posts will be all one color and simple to paint. The hen house will be red with white trim and will require a little extra detail/care in painting a sharp contrast.
 - o Organic material: To use for ground cover inside the run, we are asking parents to bring leaf bags filled with grass clippings or leaves or other organic materials from your yard which could be safely used (ie not chemically treated) for the floor of the run. Drop off place TBD.

- Language Program: We are **not** beginning the year with a language program, much to my (and your, I suspect) dismay. The schedule is built to accommodate a language teacher as soon as we are able to hire one. In the meantime, the arrangement is already in place for an experienced language teacher to build a program for us.
