Saint Vincent de Paul Catholic School Crusader Club

Statement of Purpose and Vision

Extended Care is offered as an extension of St. Vincent de Paul Catholic School, and upholds all school policies and goals. The program strives to provide professional childcare and enrichment that emphasizes and is governed by the inherent personal dignity of each child as they have been created by God, in His image and likeness.

Each child has been made to know, love and serve God, to be with Him in Heaven. In order to develop personally and grow in virtue, we believe that children must be given the opportunity to develop, practice and perfect the ability to control their own behavior and act rightly. We strive to assist the children in our program to develop charitable behaviors, independence and responsibility. We give them the encouragement and opportunities they need to practice self-discipline and virtue.

We believe that each child is eager to act, engage, and do things for themselves and others. When provided with a safe, structured and comfortable environment, and appropriate adult direction and assistance, children will choose developmentally appropriate materials and activities. These activities should reflect and strengthen a child's ever expanding wonder and appreciation for reality and creation, thus forming an early love for them and thirst for learning - invaluable components of personal formation and growth in later years.

St. Vincent de Paul Catholic School Mission Statement

St. Vincent de Paul Catholic School is rooted in the Truth and Love of Christ and His Church and is committed to Educating the Whole Child for the Future.

Age-appropriate limitations and positive methods of discipline are used to reinforce self-control. If the behavior becomes a problem, we will inform the parents and work together towards a solution to the problem. If appropriate for the situation and the child, mental health resources will be offered through the student advocate at St. Vincent De Paul School. If the student's behavior remains uncontrollable or is detrimental either to the student, other students or to the program's best interest, we reserve the right to terminate enrollment.
