

Empowering God's Children® Safe Environment Program
Youth session conducted by Lesson Leaders
Parent Information & Optional Opt-Out Form

Dear Parents and Guardians,

January 2021

In an effort to assist in the monumental mission of protecting children, SVDP is partnering with you to present a safe environment lesson to your child. It is our cherished role as adults to fully protect children. In addition, we must also teach children/youth about their safety rights and boundaries, so that they have tools to protect themselves. What follows is information about the program itself and the resources available to you. **PLEASE NOTE: There are required action items on page 2 with content you may need to return.**

Empowering God's Children Program Information:

A program for children, each lesson includes a grade-appropriate video component along with learning activities. The material is designed to better equip your child to know their safety rights, recognize their boundaries, and to empower them to protect themselves when safe adults are not immediately available—and ultimately be safer from people who might want to harm them.

As we partner together in delivering this content to youth, there are two especially helpful resources to assist in delivering the lessons. These resources are provided to our Lesson Leaders (which include you as parents, along with the persons delivering the content per the organization). First, the *Teaching Boundaries and Safety Guide*, which equips safe adults to facilitate an ongoing safety dialogue, and the *Lesson Leader Orientation and Certification Module*, give you better insight about conducting the lessons. Please communicate directly with your local or diocesan coordinator to gain access to each of these specific resources. Following the lesson, we encourage you to continue reinforcing the message at home whenever possible.

- I. TRAINING DATE INFORMATION:** The children/youth will be taught the age appropriate safe environment lesson directly by the organization. The material will be delivered during classes in school.

Date(s) of organization-led training: During the month of January

- II. CONTACT INFORMATION:** *For questions, or to obtain access to the resources, the specific lesson and related activities, please contact:*

Mary Cohen, Assistant Principal, 303-777-3812 or email at mcohen@svdpk8.com

As parents, you are the primary educators of your children/youth, and you have the ability to “opt” your child/youth out of the formal in-program safety lesson. This means that the child will *only* receive safe-environment lesson information from your own commitment to deliver them at home, and will not have any additional learning opportunities from the location. Please complete and submit the following form only if you DO NOT want your child to receive safe environment information delivered through the SVDP School about ways to protect themselves and get help when needed. Your coordinator will reach out to you regarding relevant protocol, i.e., child separation from others during lesson, how you will deliver the lesson at home, etc. *However, if you wish for your child/youth attending the session listed above, no additional action is needed, and you may disregard the next page.*
